

# € Integration: Philosophy & Ethos Inscription

 **Objective:** Elevate the Federation’s guiding ethos to the ceremonial header of the Civic Scroll, anchoring ritual and record in unified purpose.

## Inscription Text

“The Federation is a harmony between ritual and record—between those who build and those who remember.”

This phrase shall be inscribed at the top of the scroll, preceding all capsule metadata and manifest logic. It becomes the **ceremonial invocation** of Strata-01.
