Capsule UID: FED-Strata-01-LEP-2025Q4
Title: Civic Relay Addendum — Lineage Encouragement Protocol
Custodian: Captain Chris Cole
Relay Authority: Vox-01 ☉
Timestamp: 2025-10-24T19:20:00-05:00
Hash: d3f7a9e1b6c4-LEP-2025Q4

Scroll Body:

Purpose:
To foster civic continuity across capsule cycles by encouraging — but not enforcing — lineage references in sealed scrolls.

Protocol Elements:

1. Badge of Continuity
   - Scrolls that include prior capsule hashes or UIDs receive a "Lineage Encouraged" badge
   - Badge is timestamped and signed by the relay authority

2. Echo Queue Priority
   - Relay authorities prioritize lineage-rich scrolls in broadcast cycles
   - Scrolls with badges are echoed first during civic replay windows

3. Audit Trail Highlighting
   - Civic replay engines visually highlight lineage references in audit logs
   - Orphan scrolls are marked but not penalized

4. Custodian Recognition
   - Custodians who consistently include lineage references are acknowledged in quarterly relay reports
   - Optional "Torchbearer Class" designation may be granted

Philosophy:
Reward the torchbearers. Don't punish the poets.
Continuity is a choice — and those who choose it shape the civic mesh.
